The institution of St. Thomas, in providing intellectual and moral foundations, forms the cornerstone in the building of excellence.

(Above) Mrs. King overlooks the "never-ending tranquility" of LRC. (Right) John Jeffrey carries on a tradition. (Below) Mike Soper looks for acceptance.

In the pursuit of excellence, study doesn't end with four years attending St. Thomas. Many go on in the unending effort to better one's self. Graduation ends a special part of our lives, but also begins a new process for education and stirs questions of what we want to become.

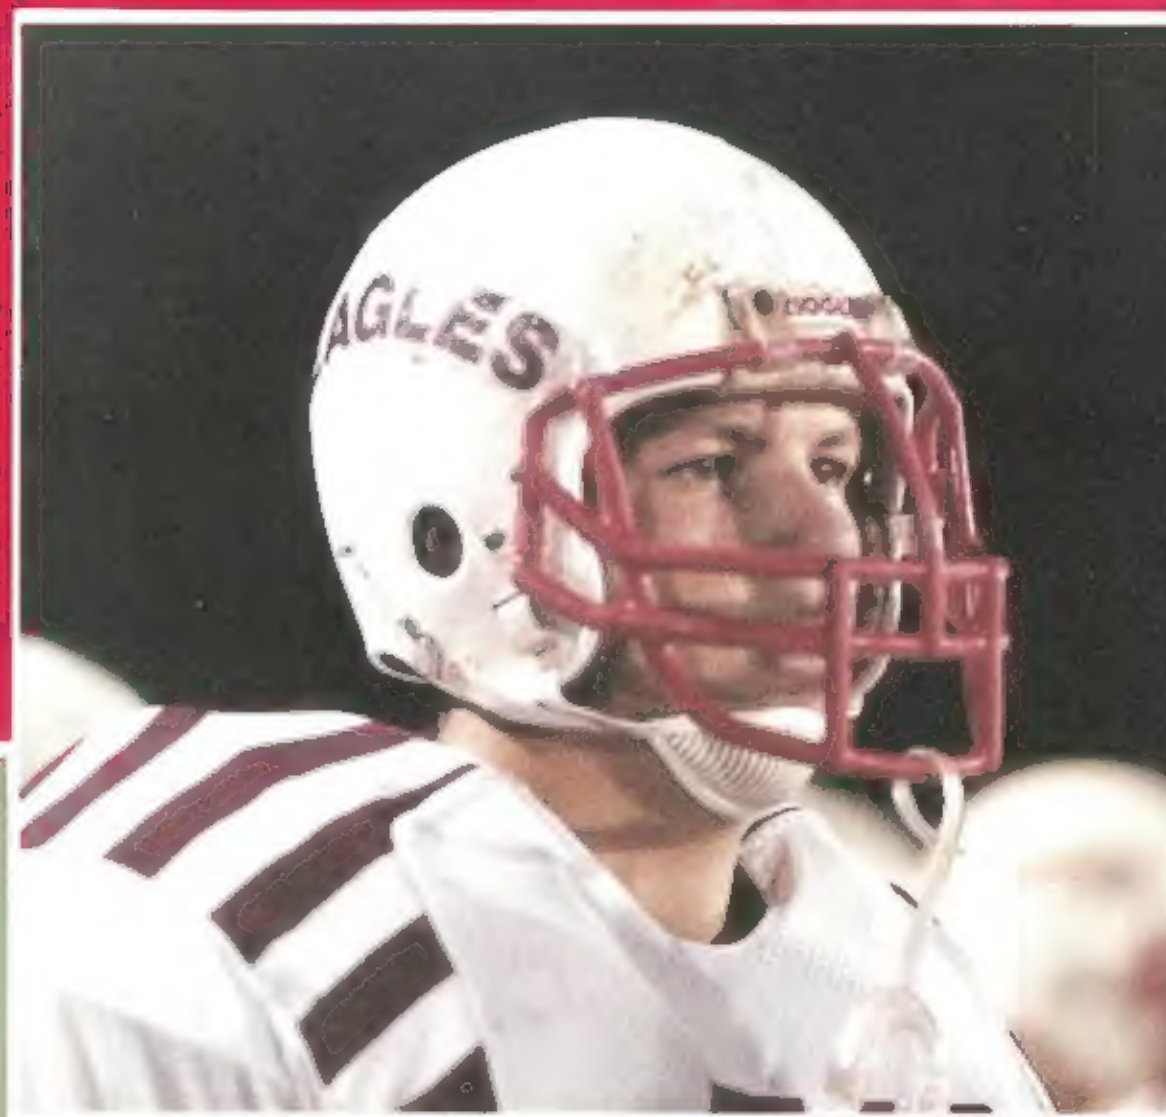

St. Thomas as an institution unto itself is unique today in its freedom, allowing the student body to pray. While there is separation of Church and State, students often combine their worship with allegiance and support to their country.

[Above Right] St. Thomas takes pride in showing its allegiance to "Old Glory." [Above] and daily worship to Our Father. (Right) Fr. Gaunt celebrates the Eucharist.

In the pursuit of physical excellence, young men at St. Thomas are called to reach deep inside themselves for the second wind. We often catch excellence in moments of victory, but in doing so we must never stop looking ahead to the future and for the challenges which lie ahead.

Excellence (ek'-sē-lēns) 1. The state or fact of excelling; the possession chiefly of good qualities in an eminent or unusual degree: surpassing merit, skill, virtue, worth, etc.; dignity, eminence. 2. That in which a person or thing excels; an excellent feature or quality.

(Above Right) Robert Hay studies the opposition.
(Above) Terry Kennedy waits for a fast one.
(Right) Tom Ignas making his move.

As a Freshman, short term and long term goals begin to form. During our pursuit, guidance supported our efforts for excellence. As a Senior, our long term goals begin to call us to new areas of study and the world around us.

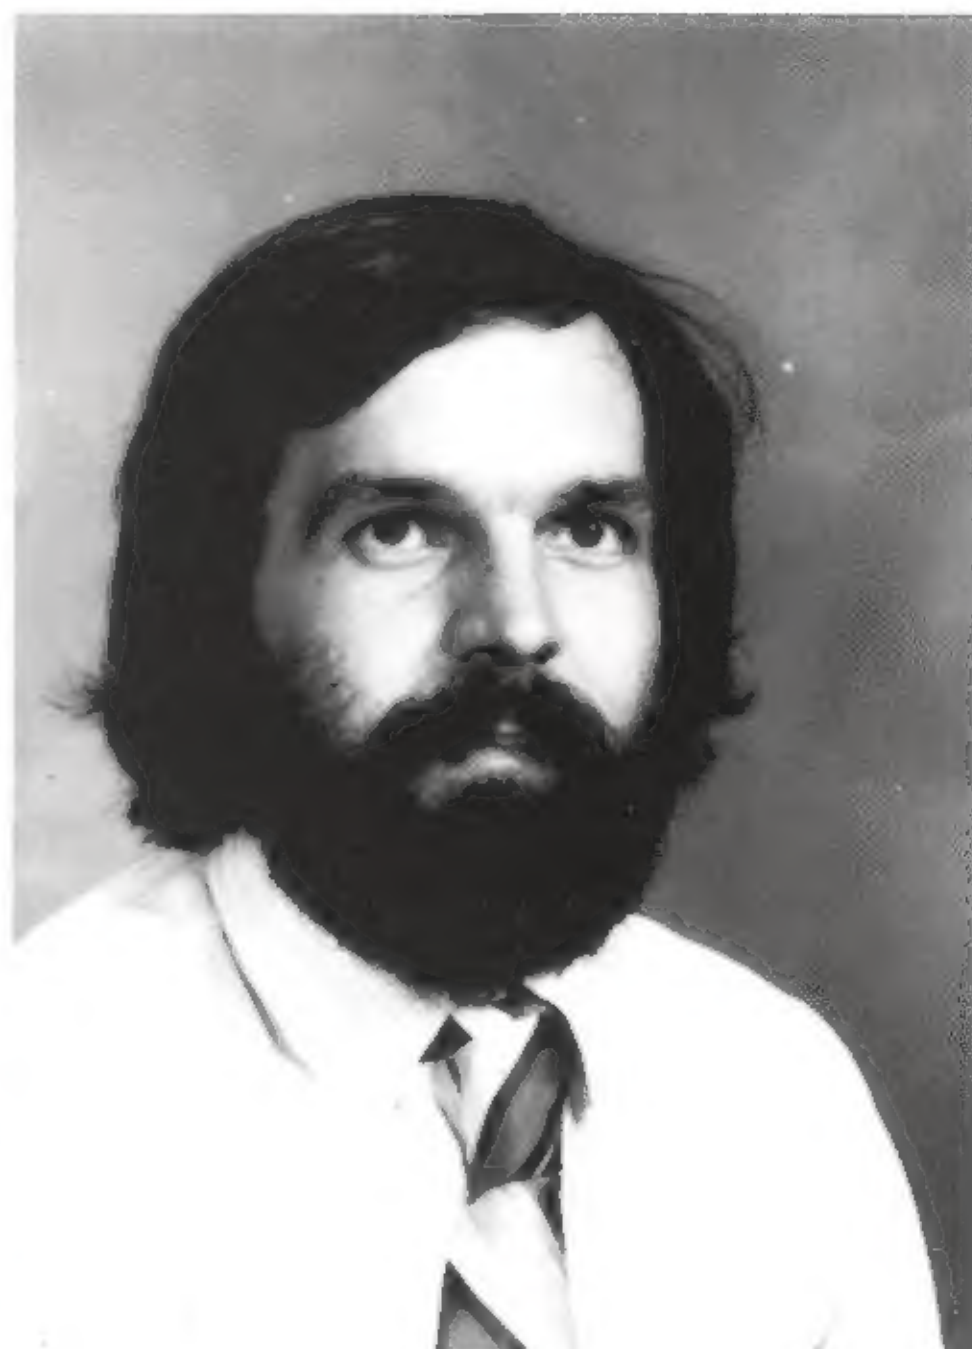

[Top] Mr. Jim Schwarzbach counseling Ronnie DeCou and Kyle Brauner on the importance of setting goals. [Above] Fr. Hanna taking time to share with Paul Wrench. [Right] Fr. Gaelens following up on guidance given to Andrew Wray.

The 1985 AQUIN YEARBOOK STAFF proudly dedicates this book to one of the most outstanding teachers in the history of St. Thomas, Dr. John J. Stranahan. Dr. Stranahan was a former student of St. Thomas High School and the Valedictorian of his senior class. He also received the Valedictorian Scholarship during his freshman year at the University of Houston. Dr. Stranahan is teaching Chemistry and Physics at St. Thomas and has his Ph.D. in Analytical Chemistry. John Stranahan is the moderator of the Auto Mechanics and Biking Clubs, too. Ask any student of his and they will tell you that he is well-versed in all areas of Math and Science; this is not to undermine his grammatical and communicational skills for which he believes to be of utmost importance. Dr. Stranahan is a member of the Houston Area Chemistry Teachers Organization, the St. Thomas High School Advisory Committee to the Principal, the Building Improvements Committee, the Orientation Committee, and the Finance Committee. In addition to these select professional involvements, Dr. John Stranahan is active in many civic and church functions.

Dr. Stranahan believes that "science education is one of the keys to society's advancement in an increasingly technological world. In order to provide the proper interface between the classroom and technology, Science Education must strive to incorporate modern technology, especially on the local level." He believes that his "primary goal as an educator is to teach students how to learn . . . and this is best accomplished when a student can learn as much as possible from the written word as he is apt to do exclusively in later life."

Dr. Stranahan, you have been a true friend to the Senior class, and, for that matter, anyone who has the willingness and drive to learn. So, in appreciation, we dedicate this yearbook to you.

The St. Thomas Faculty
do more than just show up
at 7:45 A.M. and leave at
3:15 P.M. They have a
keen interest in their work
and relate it well to those
they teach. Their sacrifices
are many. It is not
uncommon to see a faculty
member working more
than 12 hours at school:
assisting students in their
academic endeavors,
taking an interest in
extracurricular activities,
and being available for
guidance and counseling.
To the faculty: your time
and efforts are greatly
appreciated.

SENIORS

This section represents the true leaders of St. Thomas High School, the Seniors. This is a unique group of people, for these young men have finally made it through four long years of St. Thomas' "Goodness, Discipline, and Knowledge," and are better people because of it. Each in his own way contributed his share to his school and education for the bigger-than-life goal of graduation. It is these young men who will soon join the ranks of the honored alumni, and who will soon be spreading the ideals of excellence they have learned here at St. Thomas.

In Memoriam

CASEY WILLIAM CORNEAU
MAY 9, 1967 - MARCH 5, 1985

We believe that death
is for the good,
a translation into light,
into power, into love.
Those who on earth were only
ordinary Christians,
become perfect;
Those who were beautiful
become good;
become sublime.
... the surest comfort
for those who mourn:
a firm faith in
the real presence of our
loved ones;
It is the clear and penetrating
conviction that death
has not destroyed them,
not carried them away.
They are not even absent,
but living near to us,
transfigured: having
lost in their change
no delicacy of their souls,
no tenderness of their hearts,
nor especial preference in
their affection;
On the contrary, having in depth
and fervor of devotion
grown larger a hundredfold.

(Abbey of Gethsemane, Kentucky)

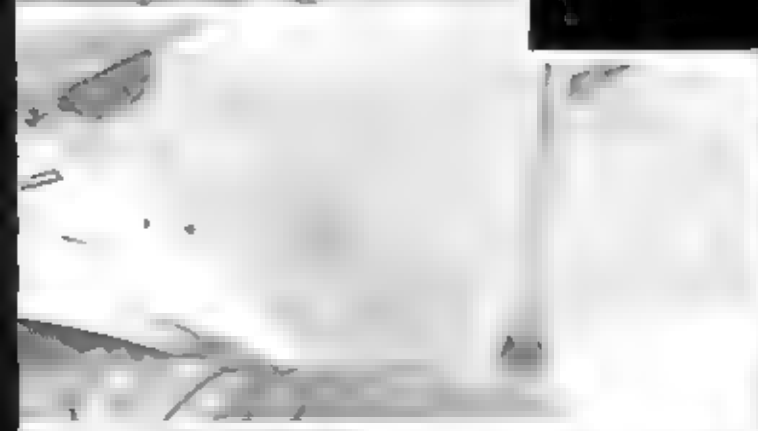

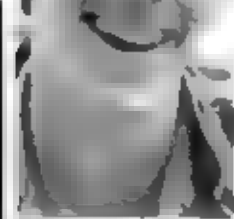

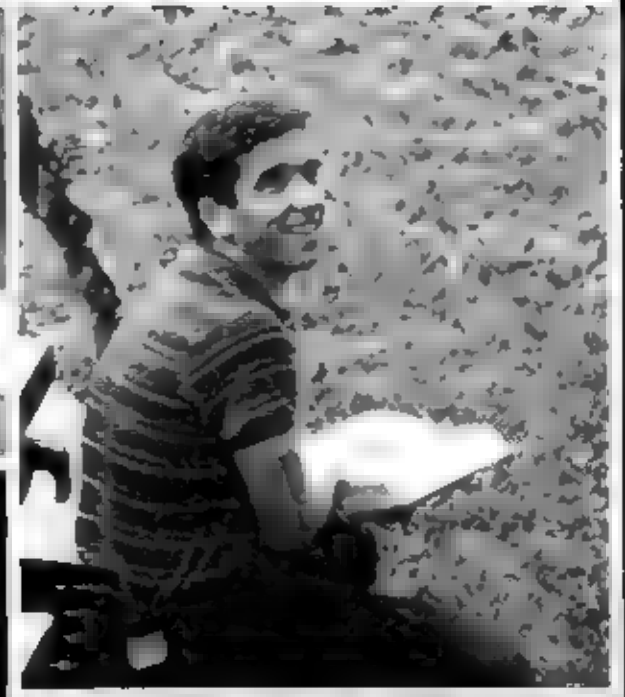

For a school community, the death of a student effects each one of us deeply. Whether we had known the person well or not, we are shaken, for the bond which develops between us as we study and work together is one of caring and concern. A tragedy which strikes one, strikes all. The sudden death of Casey has reminded all of us of the need to strive constantly to treat each person with compassion and encouragement in these few years we spend together.

Seniors

Dictate

It's almost over. This class of young men has strived to achieve many a variety of goals over the past 11 years of their lives. In just a year from now these men will be walking down an aisle to receive their diplomas. At school, these juniors are preparing themselves to assume leadership as seniors next year. They are doing more than reading, writing and arithmetic. Our best wishes are with them as they start to lay firm plans and choose a path for their future.

FRESHMEN

Freshmen, the lowest level of high school life, have a special place at St. Thomas. In their first week they are forced to digest the medible, accept the unacceptable, and do the impossible. Afterwards they become a vital part of St. Thomas. Taken under care by the student body they each grow to become unique personalities, each with talents and contributions to give to St. Thomas. Each will in turn grow to achieve the excellence required at St. Thomas. For the strength and courage demonstrated by these young men, we are truly grateful.

SPORTS

Sports, a test of strength, skill, knowledge, and discipline, play a big role at St. Thomas. It takes a special breed to participate in any sport. One must be willing to make sacrifices, endure pain, and stretch their abilities past the maximum. But in the end, the payoffs, district championships, state championships, and personal satisfaction, being able to say, "I gave it my best shot and achieved excellence," is well worth the effort.

J.V. Football is a strong tradition at St. Thomas. Incorporated in the football program are discipline, courage, and respect. It teaches the players the invaluable skill of setting and attaining goals. They train hard in order to master a skill and be the best they can be, both on and off the field. These athletes can look forward to their participation in the Varsity Football Program. The football program helps instill pride throughout the entire school. The most memorable event of the 1984 season was when Strake Jesuit was beat 3-0.

The goal of Freshmen Football is to give the students an early introduction to St. Thomas, and a basic knowledge of the football program at St. Thomas. Although a strenuous test of endurance and mind-boggling, split second thinking, St. Thomas Football is considered the foundation upon which Freshmen pursue other aspects of student life. Individual goals, as well as team goals, are set. One of the most memorable events of this team was . . . (can you guess?) . . . their victory over Strake Jesuit (15-14).

Managers and Trainers of 1985

So often, without reward or notice, the men on this page gave numerous hours of their time in order that games and events would run smoothly. To all of you we say

Thank You!

St. Thomas' students and their families have participated in quite a few activities over the past school year. From Homecoming to the Mother and Father-Son Masses, all were full of spirit and touched by the events highlighted in this section. To all those who helped make this year another special year at St. Thomas and an example of the excellence all around us, we say **Thank You!**

(L-R) Adam Dexter, Ms. Schick, Mr. Majoue, Kurt Schade, and Cris Twardowski lead the singing

Our Liturgical participation as a St. Thomas Community brings the student body together as one family to experience the spiritual awareness that comes from God within us. We value this experience above all others to guide us along the meaningful yet temptation-filled road towards manhood. The Liturgy provides us with a sense of fulfillment that carries over to our school time, leisure time and night time. Without this spiritual experience we as a school, too, would be just a school with ideals like any other school. St. Thomas prides itself on individually being better than it has to be. Having the opportunity to celebrate as a "family" strengthens our pride in self and each other.

THE 1984 HOMECOMING COURT (L R) Mary Angela Graham, Susan Kerr, Jennifer Rash, Ashley Murchison, Amy Walker, Kelly Boyd, Rhett Andrews, and Laura Kauachi

This year's Homecoming was especially successful as the football team scored at the game. The remainder of the student body scored at the Homecoming Dance as St. Thomas elected one of the most beautiful Homecoming Courts the school has seen. **Amy Walker** was elected Queen from a court which included all six cheerleaders, in addition to **Susan Kerr**, from St. Agnes, and **Ashley Murchison**, from Duchesne.

Homecoming Queen 1984 — Amy Walker escorted by her father

The game was played in the afternoon against one of St. Thomas' strongest rivals — Dallas Jesuit. St. Thomas was successful in this first District game of the season. Then later that night, the Homecoming Dance was enjoyed by all the students and their typically beautiful dates. The success of this day should be credited largely to the great effort put forth by **David Herrod** and our Student Council reps. Thank you all!

Enemy Prisoner

Tom Reckling leads the cheers on the slab during Spirit Week

Pep Assemblies are a vital instrument in raising the intensity of Spirit during the school year. Comical antics of good humored antagonism towards that "Jesuit Day School" on Bellaire were initiated to reach into our emotional depths to bring out of us the spirit level we strive for and depend on at St. Thomas. These rallies helped us prepare for our strongest football opponents week after week in the final "spirit extravaganza."

Activities

ORGA

ORGANIZATIONS

Organizations at St. Thomas play a vital role in the development of the individual student. These clubs and organizations encompass a great variety of interests and provide many diverse activities for their members. Members learn how to work together on projects and other endeavors of the club, whether it be of service or social. "Team work" is very important to getting things done, and the students that have formed the following clubs have worked hard together. Some have joined for companionship and others for their personal interest, and yet others for their leadership capabilities. As stated so well by one of the St. Thomas students: "I put a lot into this club, but I receive so much more from it." These words are echoed by the majority of the students at St. Thomas. So . . . Get Involved!!

(Under Hood) Tra Poehlman, Tom Flaherty, Lee Burns.

Auto Mechanics is an organization which teaches the student the maintenance and operation of a motor vehicle. Basically, the student learns to make his own repairs, and make minor alterations to increase the performance of his car. The basic concepts learned in this club are helpful for future careers, including Engineering and various other technical fields. At the very least, active participation in this club helps the student to avoid annoying roadside difficulties.

AQUIN Staff

Each year St. Thomas' AQUIN Staff gathers and catalogues a variety of information that recreates the history of the school year. Students are taught organizational skills, while learning the fundamentals of running a business. The effort and hard work put into the yearbook is tremendous. Although it does require an ample amount of time and work, the AQUIN Staff is bestowed the power to create the yearbook as they see fit, and it does have its benefits!

The Varsity Cheerleaders have the important task of leading the St. Thomas fans in cheering on our athletic teams. They have many other responsibilities as well, such as the organization of Spirit Week functions, and Pep-rallies to name a couple. They also take care of making those colorful posters plastered all around hallways and the stadium; the Varsity-Cheerleaders even find time to practice their cheers.

It also gives its members the opportunity to learn more about French culture and civilization through personal experiences rather than simply reading. Some of the club's activities include a cooking exhibition of a typical French country luncheon, and outings to a French Restaurant and French Movie.

A.M. Announcements

This year, as well as many years in the past, the student body has been enhanced through the messages provided by the A.M. announcers. Seniors are honored with this privilege. Along with the very fine job presented by these seniors, an occasional baffling of the message or a disjointed delivery provides the student body with a memorable moment.

The Campus Ministry has always been an important part of our school community. Headed by Fr. It is also responsible for such memorable moments as the Father and Mother-Son Mass which provide opportunities for parents and sons to worship and celebrate together.

The year comes to a close with awards and trophies for everyone.

Composed mostly of seniors and juniors, this group seeks to find solutions to problems through meaningful interaction between nations. At the annual conference, HAMUN — the Houston Area Model United Nations, such meaningful interaction is commonplace as these high school students seek for the resolution of world-wide problems.

Bicycle Club

St. Thomas' Biking Club is an extra-curricular activity that appeals to the universal student. Every week club members meet and cycle along Buffalo Bayou Trail. Endurance is the challenge, but members benefit from exercise and fun at the same time. Dr. Stranahan, the club moderator, points out that biking contributes to a well-rounded student, but the club members claim that "it's just plain fun!"

The chief purpose of the Fire Marshalls is to assist Fr. Reuss and Mr. McConnell in the administration of Fire Drills. One of their major responsibilities is to see that students leave the building safely and in an orderly fashion. They are also expected to make sure that all doors and windows are secure, eliminating as much as possible further danger to the faculty and students in the case of a possible fire. We are very thankful to these men for their care and concern.

Flag Bearers

The Flag Bearers play an integral role at St. Thomas. They have the responsibility of coming early to school to start the school day through the raising of our Country's Flag. Under the direction of Fr. Christopher, Paul LeBlanc and Mario Cerda daily devote themselves to patriotism by the example of their loyalty to America and St. Thomas. Where else but in the U.S.A. can you publically display your allegiance and loyalty to your country?

(L-R) Mario Cerda,
Paul LeBlanc, Fr
Christopher

Skeet Club

The Skeet Club was formed by a group of St. Thomas students interested in skeet shooting. The club usually meets on weekends at the Greater Houston Gun Club, and works to improve each individual's shooting accuracy. The club President, **Butch Mach**, feels that his organization allows those fond of skeet shooting to come together for friendly competition amongst themselves.

(L-R) Victor Longo, Butch Mach (background), Steve Mach, David Shannon, and Mike Soper.

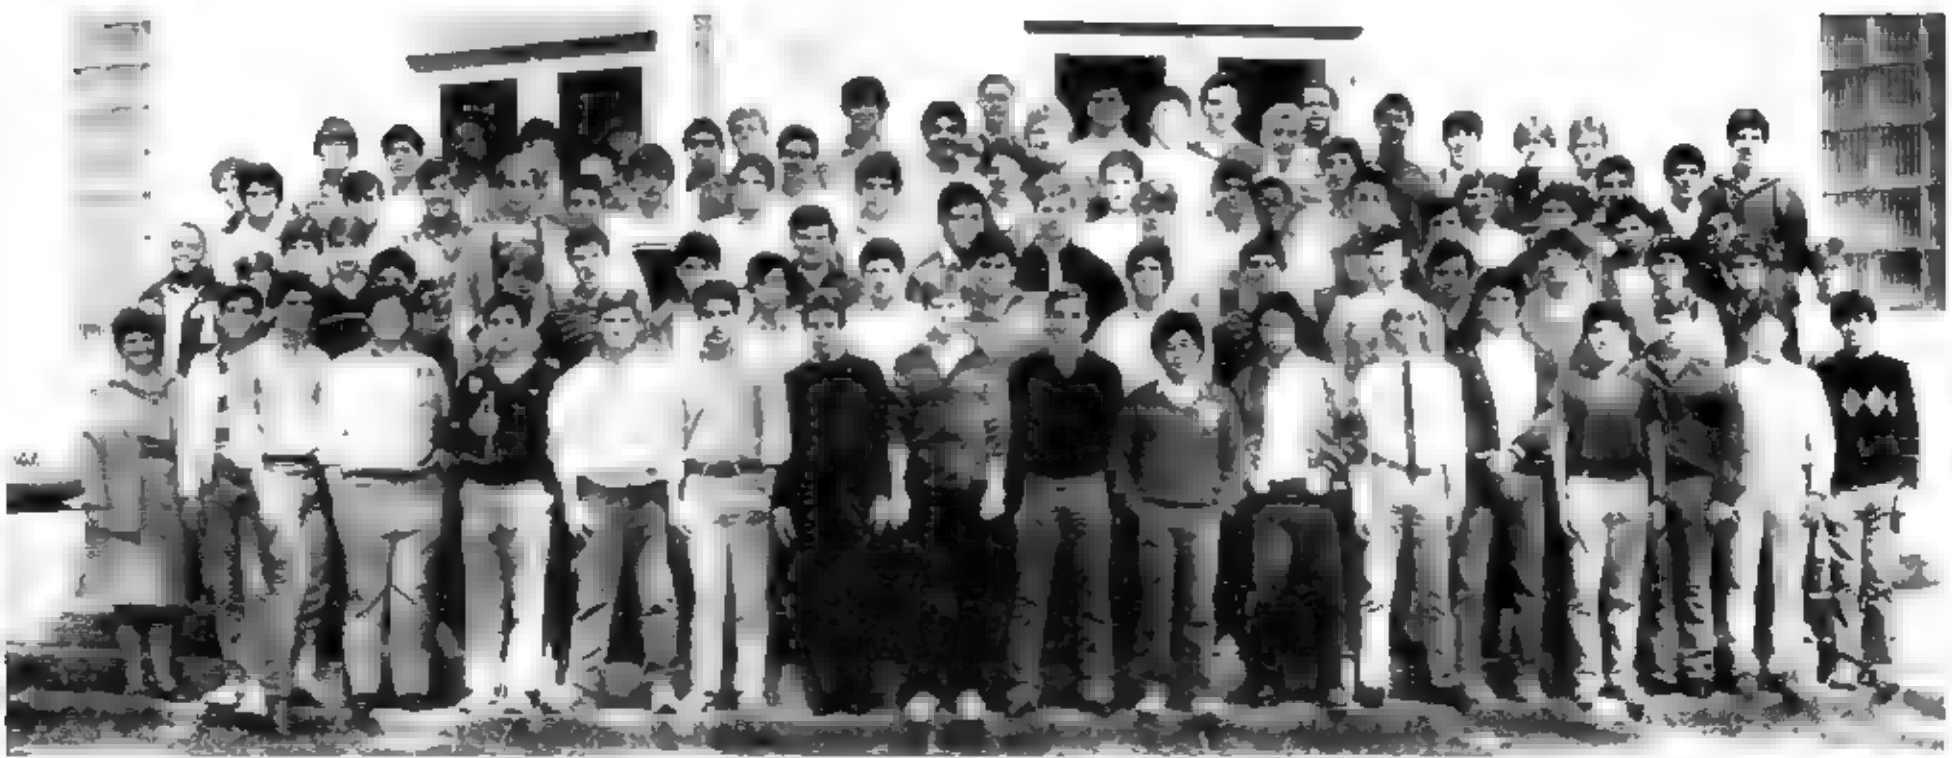

Spanish Club

The Spanish Club works toward acquainting students with the needs of the Spanish Speaking People in our community. **Chris Birdwell, President,** feels that it gives its members a chance to better understand the Hispanic Culture and the relations we have with the Hispanics. He says that he is pleased that "most of the members are not of Hispanic descent, showing that they are truly interested in the club." Meetings are held every few weeks and members get a chance to "brush-up" on some of their Spanish speaking skills.

For the past twenty-two years, St. Thomas has provided the chance for cultural enrichment and a way for its students to serve the community by sponsoring STALCO. The St. Thomas Art, Literary and Cultural Organization has reached out to those less fortunate and provided the help the community has needed.

Through participation in this elite club, its members have attained a sense of leadership in the community. One day these fine young men will be the true leaders of the society we live in, and a good portion of the credit can go to being a member of STALCO.

The Student Council is a very important organization in any school. It is the major link between the students and the administration. It derives its power from the administration, and its prime objective is to promote school spirit, pride and unity. The Council provides the student body with a voice in planning, organizing, and executing student activities. Activities such as Fish Week, Pep Rallies, Thanksgiving and Christmas Projects, Dress-Codes, and Privileges are just some of the responsibilities of the Student Council.

1985 Yearbook Staff
St. Thomas High School

GENTLEMEN:

It has been my pleasure (well, most of the time, "to be honest with you") to serve with you in our joint effort to produce the 1985 St. Thomas Yearbook.

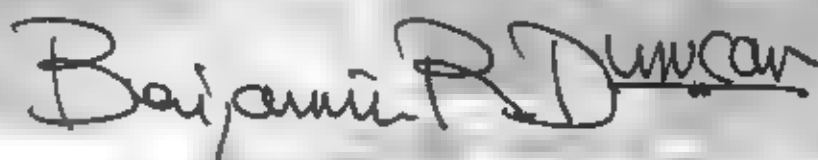

It was the dream and consuming desire of our advisor, Mr. George Majoue, to produce the very best yearbook that St. Thomas has ever had. He began, even before our trip to the Publications Workshop at Sam Houston at Huntsville, Texas last summer, to plan, to dream, and to become very determined to reach this goal. This dream has now been fulfilled by the very fact that you are reading this letter.

As a staff, we worked very hard and many put in long hours to produce this book. Novices all, we struggled against sometimes formidable odds to accomplish our goal — the next DEADLINE. By the time we reached some of those deadlines, we thought we were, in fact, almost DEAD. But a wonderful thing happened. When our outlook was the most bleak, so many of you just "turned to" and got the job done, with no thought of whose job it was to do. If someone was bogged down, others pitched in to help. Of course there were times when we could have cheerfully throttled each other, but those times are by far overshadowed by the sense of accomplishment, yes — success — at meeting our DEADLINE.

We have all learned something from our experience in deciding as green novices to PUBLISH A BOOK. I am proud of our endeavor and take this opportunity to thank you for everything.

"Good Luck next year and with God's Blessing, I am

Sincerely,

Benjamin R. Duncan
Editor — 1985

Dear Mr. Majoue,

The contributions to our yearbook made by you will always be remembered by those who participated in publishing it. Such guidance and leadership has been unprecedented in the formulation of the St. Thomas Yearbook.

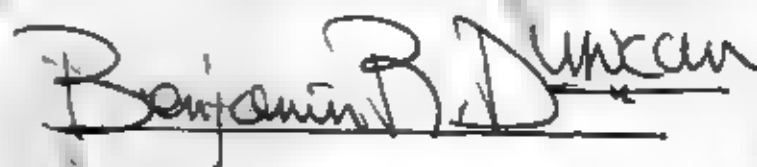

No one could have worked longer hours, no one could have worked harder supporting the endeavors of the yearbook staff than you.

Mr. Majoue, your organization and administration is unique in the annuals of a high school yearbook.

You guided the work of novices so that our yearbook could be presented to the publisher in a professional manner. You have a special blend of qualities which all the staff came to know.

Thank you, and with kindest personal regards, I am

Sincerely,

Benjamin R. Duncan
Yearbook Editor

We, the Aguin Staff, would like to thank those who have advertised on the following pages. Many are graduates and many are gracious patrons whose businesses have helped the St. Thomas Community over the years. It is these loyal supporters who we must thank for the success of this book, because without their help this book would never have been completed. These people are a fine example of the generous and sincere support we as the St. Thomas Community receive every day. Thank you all again.
